DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3,6-14 are allowed.
2. The following is an examiner's statement of reasons for allowance: ***

Independent claims 1 and 11 are allowed because the claims have been amended to include the allowable subject matter of claims 4 and 5 as discussed in the telephonic interview occurred between Examiner and Applicant's representative, Michael Lukon on September 13, 2004. The closest prior art Havinis et al fails to anticipate generating a skeleton script by searching a lookup table to find a skeleton script associated with the type field and receiving an input file comprising at least one device value and at least one field value identifying the cell site data to be modified, in combination with all other limitations in the claims as defined by applicant.

Claims 2-3 and 6-10 depend on claim 1. Therefore, they are allowed.

Claims 12-14 depend on claim 11. Therefore, they are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
